*voice assistant device required (sold separately)

For assistance, go to cbyge.com/support or call 1-844-302-2943

You Need:

- C by GE app (if already installed, please download the latest version for most updated experience)
- Wi-Fi (2.4 GHz required)

Make Sure To:

- Turn on Wi-Fi on your phone
- Install C-Reach in the same room as your Wi-Fi router

Set Up Your C-Reach

1. Plug in your C-Reach in the same room as your Wi-Fi router
2. Download and open the C by GE app
3. From the home screen, tap the (plus +) icon
4. Select "Add New Devices"
5. Select "C-Reach"
6. Follow steps in app to finish setup

For assistance, go to cbyge.com/support or call 1-844-302-2943

Connect Your C by GE Smart Devices

IMPORTANT: Make sure to add your new C by GE devices to your C-Reach location in the C by GE app.

If you are connecting new C by GE smart lights to your C by GE app:

1. Screw in and turn on your C by GE smart light
ATTENTION: For the most reliable connectivity between your smart lights and C-Reach, install your first smart light in the same room as your C-Reach. Subsequent smart lights can be added within 25 foot intervals of each light.
2. On the home screen, tap the (plus +) icon
3. Select "Add New Devices"
4. Select "The Device Type"
5. Follow steps in app to finish setup

For assistance, go to cbyge.com/support or call 1-844-302-2943

Enable Your Voice Assistant

1. Go to Settings in the C by GE app
2. Select your voice assistant
3. Follow instructions to enable your voice assistant

Try these voice commands:

Apple Siri
Hey Siri, turn on the lights.
Hey Siri, set the brightness to 50%.

Amazon Alexa
Alexa, turn off the living room.
Alexa, turn on the bedroom.

Google Assistant
Hey Google, good morning.
Hey Google, set lights to 25%.

For assistance, go to cbyge.com/support or call 1-844-302-2943

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. The unit is not intended to be repaired by service personnel in case of failure or component defect.
